

# YEARBOOK 1985

## EDITOR'S NOTE

At the start of this season I came up with the idea of a yearbook for the Rockingham Hockey Club. I approached Mal McPettridge who took up the idea enthusiastically.

As this is the first year and attempt at a yearbook, we decided to use this one as an experimental project. It was done on the cheap, with the only cost being the time and effort put in by myself and Mal.

In the future editions, hopefully next year, we hope to get the book printed properly and with more photo's that turn out better than when photocopied.

There will be inevitable mistakes and omissions from this book and I apologise to all those affected, however I have endeavoured to make it as less as possible. A special apology to all the ladies, but as we didn't receive any any result cards of your games, I couldn't put together any stats - maybe next year ?

Congratulations go to Graham Ireland and his under 15 boys for their Premiership!

Many thanks to all the coaches and committee for their reports on their respective teams and committee notes, to Peder Johansen for his help in putting together the final stages, my sister Leonie, who designed and drew up the cover page, and Mal's workplace for all the photocopying. A special thank you goes to Mal, who had already taken on such a workload for the club (being President, coach, coach-coordinator, Social Committee member, nearly full-time player, chief worrier, and whatever else), who also found time to help me enormously, (and to his wife Jackie for those lovely dinners).

Finally, it is hoped that this book (free of charge) will provide an interesting and informative view of the hockey season that was, and will recall memories of Rocky Hockey 1985 this year and in years to come.

### A WORD FROM THE PRESIDENT.

This has been a very interesting and challenging season for the club and for me personally.

It has been reasonably successful as well with our U/13 girls and our mens' 2D side reaching the semi-finals and, at the time of writing this letter the U/15 boys and our Reserve Blue side have made the grand finals. A tremendous achievement.

On the other end of the scale, regrettably, two teams will be relegated next year; the 1D men and the 1B ladies. It is too early to predict whether this will help to strengthen our ranks but, for the ladies should be beneficial as a drop in grade will mean easier hockey, or should, a good bleeding ground for new talent, and there are a few old grey mares that will appreciate the lower competition. Age shall not weary them.

The committees this year, as they have done in years past, have worked hard for the club and I think maintained that fine balance between profitability and trying not to fleece you all, which was my aim this year. The time and energy that each committee person puts into the running of the club is quite substantial. It truly is a big sacrifice and one which can strain or indeed sever valued relationships.

It is so easy to take our club for granted; just turn up for your game and then disappearing never to be heard of until next game. A half hour after the game back at our 'clubroom' can be very rewarding in finding out what your team mates are up to and do, what's on our social calendar or just to discuss the game. You would be surprised just how much you can pass on in ten minutes or so of conversation. Let me continue along these same lines by mentioning financial obligations. Hockey is a very expensive game to play and to this end I think the W.A. administrators are slowly killing all aspects of it, socially and competitively, by charging fees for which we get little in return. Never the less it is the unpleasant duty of the committee to keep onto you week after week to finalize your monies outstanding so that we in turn can pay the associations. If money grew on trees we would all be right but, alas, it doesn't so keep us in mind with this matter and try to get these obligations over and done with please.

During the season I've talked to many people about the history of the club but unfortunately have not been able to tie them down to putting it on paper for me. This club has a history but one which has been largely ignored or forgotten. Not being able to display trophies, photographs or honours in a location available to all players doesn't help. To this end my thanks go to the Editor, Geoff Amos for keeping some statistics so hopefully we can start a new era of modern history for Rockingham Hockey Club.

A club needs a past for players to relate to. I've always felt that this lack of a past has been a contributing factor to the lack of depth and sense of belonging to our club and this situation has been carried over into our games.

The keeping of records and achievements only, would be of great value and would give us something to strive for in beating those records. This in turn would create interest throughout the season, as you can imagine: - "Hey, Wendy beat the mens' goals per game record today". This would never come about of course, them being women and all! (If someone has a computer and would like to be our stats person next year could they give me a yell)

Once again we have appealed to WAWHA to allow our Ladies team to play at home. Travelling to Fremantle and parts north every weekend does nothing to promote good female hockey in our area, and if you have ever seen our ladies play you would be in no doubt that they do play good hockey but they are running out of depth because of this travel commitment of theirs'.

Once again, on behalf of you all, I would like to thank our committees, both social and executive, our coaches, Lance Ellis for letting it be known that he was from our club running Minkey, those Saturday morning helpers, Pete, Jeroen, Jamie, Graham, Barry and Kim, and I hope I haven't missed anyone, for a great effort over the entire season. Also Geoff Amos for suggesting and putting together this year book. It was a great idea and hopefully will become a regular feature of our future seasons.

In closing I would like to say this year has been a real experience for me, one that although my sense of humour disappeared for a while, I would not have passed up for anything. I have learnt a tremendous amount about people and more importantly about myself. I've made a few mistakes and certainly took on too much, but as I have said before, only because no-one else would, and to this end would never take on again, it just gets too much. I make no apology for going at things like a bull at a gate but, I believe, a person that had the responsibility I was given on your behalf needs to give that 100% commitment or I wasn't worthy of that responsibility. I thank you for giving me that opportunity.

Yours' in Hockey,

Mal McFetridge.  
PRESIDENT, Rockingham District Hockey Club.

17th September 1985.

## SOCIAL COMMITTEE REPORT.

At the beginning of the year the Social committee decided to give club members a good social year without asking them to contribute very much, something which in past years has added to an already considerable outlay. At the same time making a little hooch for the club.

The year was bullied of with a 'Fun Night' which is exactly what it was and we hope that all those that attended had a great time.

A little slow getting off of the ground, the clubrooms and the canteen have been a real boon to the club as a whole. This little enterprise has been feeding itself most of the season and will aid the club in the future with social functions and the like.

The chocolate drive was a great success despite the fact that many people have not returned their money at the time of writing this report. Please hand any outstanding loot in to one of our committee members. We learnt a lot about fund raising from this venture and hopefully will be more successful in future endeavours.

Other functions held were a terrific Quiz night, a car rally which should have been a boat rally it was so wet and although not officially a social committee project Bunbury '85 was organized by the social committee and was really a great weekend.

It was good to see new faces attending the clubrooms and these functions, apart from the 'usual faces'. Hopefully next year it will really catch on and there will be no new faces apart from those we recruit.

We welcomed Pete Molnar and Jamie Kotzas to the committee after Bunbury as they expressed an interest in seeing how we worked this year so if need be they could fill any gaps on the committee next year. It is great to know that these two young blokes looked ahead to next season as one factor makes a club run smoothly and that is continuity in the administration, which, these blokes will provide.

New ideas are always welcome to make our social season more varied and appealing to all our people, parents, players, friends, males, females and goal-keepers.

Overall we achieved our goal this season and without your participation it would have been a failure. Hopefully you enjoyed it.

I would like to thank the committee for all their support throughout the season, as, to get a project of the ground it takes a lot of blood, sweat and crossed fingers. I would also like to thank you all for the support you have given me and the committee by attending our functions. We can feel a new feeling coursing through the veins of our club and we look forward to next season.

Yours' socially,

Gary 'Chuckles' Smith.  
President, Social Committee.

## Mens' Coaches Notes.

'It takes years to become a successful coach, a quote from our Aussie coach R. Aggiss. After two years I believe it.

Last year it was my aim to obliterate the long ball game from our mens' teams. I think I've achieved this but it has taken a long time.

My second aim was to teach the basic skills of the game to all players to get rid of in particular, chopping which really hurt our game. To a certain extent I've managed to do this.

I believe if you have the ability to do three things on a hockey field you are 80% a hockey player. First, be able to stop a ball, secondly, be able to pass it after the stop and thirdly and I believe the most important, be able to keep that stick on the ground in the initial tackle and then as the tackle is carried through. A lot of us forget this and hence the chopping side of the game occurs. If you watch the new reserve blue players I think that these points are being used and to a certain amount of effectiveness.

It is very hard to teach old dogs new tricks and this is where we are very much behind the eight ball. Metro clubs have the advantage of being able to attract coaches with a wealth of experience, not necessarily playing, and keep these coaches for years. Thus the juniors get the best of coaching and pretty soon these juniors are seniors and are playing good competitive hockey. We, because of our weak junior strength tend to play from week to week hoping the habits we learnt in years gone past will be enough to get a premiership. This just isn't true. For this reason it is very demanding trying to convince people that to try a new way, whether it be major or minor, might improve their hockey and that of the teams. I believe you have given me a fair go in this respect and I've appreciated it.

If I have one major regret that is, that I have not given the 1Ds that one or two extra players that would make the difference between winning and losing. I am entirely to blame for their relegation and I accept that.

It was my objective to create balanced teams that would each have a good chance of winning. Both this year and last, because the two Ds were going so well, it was very hard to break them up. Also the 1Ds looked like they could win almost at will. But they never got the will. If you ask any of their players if they were good enough to win they would all, I imagine, answer 'yes'.

My selections have been criticised this year, so has my spelling, but I stand by my results and the fact that I have been able to put 11 men on the field, and where they should have played well, for every game this season, and believe me that was very hard at times with injury and other reasons for players missing games.

I took on three teams to consolidate a style I started last year, but believe me would never attempt to do it again. Each team needs an individual coach, but before you all leap in and volunteer let me point out a few things that not many of us think about.

\* n.b. I like the phrase "believe me."

Firstly, you have to have time to attend training sessions at least 90% of the time, as, no matter how many turn up it is your responsibility to see they are given your best.

Secondly, you have to have time to attend at least some exec. meetings to make sure your training needs are met.

Thirdly, team selections should be made with your team captain. this can fall down as by rights the captain should be at training as much as you and you both have to get together to choose the team with inputs from the other team coaches and captains. This is idealistic and because of other commitments away from hockey just did not work this season.

And last you have to be prepared to research training drills and techniques as you can not afford to pass on your bad habits to the players for obvious reasons.

If you are prepared to do these things then you are just what this club needs as we should have strong junior and senior ranks next season.

I could not believe the tremendous turn out at training each Wednesday night, an average of twenty three players, and I thank you for that support as it made it all worth it. Thanks for putting up with my military manner, at least I didn't march you onto the field. Next year I'll be a civvie myself so if I'm with the club you blokes will have to teach how to become one.

Cheers, Mal.

#### CDWHA Senior Womens' team report.

A heartening, although not a very successful season so far as the number of wins are concerned.

Most of the younger members of this year's team were from the under sixteen Rocky Hockey side from the previous year, 1984, the year they made the finals. Six girls who had never played in senior competition.

The balance of the side was made up of two ladies that had not played hockey in twelve years, two who had not played for two or three years and fortunately an old Rocky Hockey player, old as in number of years played, and not in number of years aged, Pearl Warner. Pearl's experience and cool headedness showed through when it was most needed.

Our Coastal District Ladies managed to win two games in the later end of the season with wins over Kwinana and Safety Bay in consecutive games.

I would personally like to thank the ladies for their perseverance and also like to thank Lorna Shirra, Tony Mills, Lance Ellis and Jamie Kotzas for their support of the seniors in respect of umpiring duties.

John R. Marr,  
Coach

CDWHA Senior Ladies.

## ROCKINGHAM LADIES 1B METRO TEAM ENDING THE 1985 SEASON

Rhonda FORD	-	Full back and kicking back
Tracey GRAY	-	Full back
Julie EVAS	-	Full back and goalie
Lorraine DARBY	-	Left half
Wendy WALES	-	Centre half
Kelly ROBINSON	-	Right half
Trena JANCZYK	-	Left wing
Donna GRAHAM	-	Left inside
Lorelle BRIDGE	-	Centre forward
Julie WINCHESTER	-	Right inside
Sue BONE	-	Right wing

Many times throughout the 1985 season the ladies team had been dogged by a shortage of players. The team consisted of a mixture of experienced players who had played together in several seasons past, and younger players who were new to the club.

Although the ladies only achieved two wins for the season and numerous draws, the psychological effect of not having a permanent goalie resulted in losses being of only one or two goals which could have been reversed had the team had twelve permanent players for the entire season.

The two wins for the season were against W.A.I.T. who on both occasions were placed in the top four of the 1B competition.

On a lighter note, all the girls who were in the team for most of the season enjoyed each others company on and off the field which resulted in a very good turn out of players on Wednesday night training sessions throughout the entire season.

On the final training session of the season Wendy WALES demonstrated to her fellow players the art of goalkeeping but experienced difficulties when she kicked the ball and found that the top of the pads were hitting her ribs.

### COACHES NOTES

At the start of the 1985 season I was approached by the ladies team to be their coach. Throughout the season I was not sure who was learning more, the coach or the players. I would like to take this opportunity to thank all the girls for the experience I have gained and the enjoyment of coaching a good bunch of "GUYS". I do not recall any one game where I did not feel like the proverbial expectant father walking up and down the sidelines.

I would also like to thank the following girls for filling in during the season usually on very short notice:

Belinda TIERNEY, Rose MOONEY, Sarah TATE, Lorna SHIRRA, Vonda CARDY, Kerry DONALDSON, Janice COOMBE.

All the best for the 1986 season ladies!

P.J.

## JUNIOR GIRLS TEAM REPORTS

### Under 16's

Our team was basically the youngsters of the under 16 season this year and unfortunately told in the results during the year. The experienced players helped the newer and younger players to learn skills and team play while still continuing to play in their own high standard throughout the season. Many of the games were played short of players during the middle of the season which didnt dampen the enthusiasm of those who continued to battle on. Our last game of the season was the best when we held the top team to 2 all until the final moments of the game.

I'd like to pass on to all readers some of the comments made to me and others during the season regarding the pleasant and friendly manner in which our team played and their attitude even through all the losses. Some excellent hockey was played and the results aren't a true indication of the standard played by all girls. I wish all girls who continue in hockey a bright, skillful and happy hockey future.

### Under 13's

Our Under 13 team made it to the semi-final. Many of the players were completely new to the game and learnt skills quickly, helped along by those 1984 players who continued along with their previously learnt skills and ability. Some players showed more skill and ability than others but this will improve with experience in the sport.

Sincere thanks to Dorim for her coaching in the earlier part of the season and good health and happiness to her and her family from all the junior girls. All the Under 13 girls became quite attached to Dorim and were very dissatisfied when she was unable to continue with them.

The girls should be complimented on their attitude both at training and on the field. They always attempted to do exactly as they were asked and all enjoyed their games win or lose.

To conclude I hope as many as possible of the junior girls will continue to play hockey with Rocky Hockey and our club should be proud to have each and every one a member and should encourage all to continue through from juniors to seniors.

## 1D TEAM REPORT.

Overall a very disappointing season. Our win loss record is recorded elsewhere in this book so, happily, I don't have to go into it.

We started brilliantly winning our first two games. It was at this point we should have played our finals as the rest of the season was very frustrating for all of us.

Everywhere we played this season there were goals with eight foot wide posts and we found them an uncanny amount of the time. We had our opportunities but, for the lack of one more goal scoring forward, we could not make the most of them.

Old 1D players like Mike Tierney, Dave Elliott, Geoff Amos, Pete Molnar, Gerome Ophorst and Chris Manassis always came up with the goods but with the team constantly changing around them it was pretty hard to develop the special relationship a team needs to be a top contender.

We welcomed Jamie Kotzas and Scott Walker to the team and to their credit they battled through with flying colours and will prove a real asset to the team in the future.

Ian Francis and Ross Gallop added more flair to the team, Ross should be called billiard ball the way he bounces off of the opposition; Ian being a settling influence when he retired to fullback.

The last five games we seemed to grab some of that special feeling and we gave top teams Whitfords, Arks, Wait and Kalumunda a real shake-up. It does not help when the opposing teams and umpires on more than one occasion said we were unlucky to lose.

We are being relegated next season to 1E (Reserve Red) and will look forward to it as a challenge and hopefully we will get that winning feeling back.

Biggest thrill this season:- Actually being in the lead once.

Biggest disappointment:- Not being able to start Jamie on the bench for mouthing off.

Best point of a bad season:-

The team spirit in the last four or five games.

Cheers,  
Mal.

### Senior Mens' 2D Team Report.

The 2D's 1985 season can be said to be successful for several reasons.

The most significant achievement apart from reaching the semi-finals for the second consecutive year, was the blooding of, and the development of five players new to the senior ranks. They were Martin Barnett, Dean Lings, Bill Ford, Greg Gelfi and Scott Walker, who was promoted to 1Ds early in the season. Graham Stamp joined us from accross the Nullabour and these youngsters formed our brigade of 18 year olds.

All these players grew in confidence and flexibility as the season progressed and became valued members of our team. All looks well for next season as this home grown talent competes for promotion next year.

The combination of this youth with the more experienced Allan Mills, Kim Matthews, Rick Berghuis, Rick Sinnott, and later Charlie Reynolds help make up a competitive and well balanced side through out the year.

Team spirit during the season was always high and the ability of the players to come back when loosing was most encouraging. Unfortunately this ability was missing for our elimination semi-final and seemed way out of character with passed performances. I guess you could say we found it hard to come back when winning.

Last but not least we thank Mal for his coaching throughout the season and also those players who were with us at various stages of the year.

All the Best

Geoff Hawkins,  
Captain.

## RESERVE BLUES

OR

### 'THE HUFF & PUFF BRIGADE MAKES GOOD!'

What a highly successful season the R.B.s have had this year.

The idea of this team was to bring back some of the old talent that the club had lost for want of this third team, to let players new to the game have a go and to provide a hit on a Saturday Afternoon to players that have lost a yard or two from last season. This has worked much better than expected and at the time of writing we are in a grand final for the first time in years. An unexpected bonus.

The first game against that old foe, Kalamunda, was to say the least an absolute gem. Some fantastic performances were put in by team members who were playing for the first time in several years, if not for the very first time. It was good to see the older Rockingham hockey players back and enjoying themselves. Needless to say we won this game convincingly.

This game set the standard of play for the whole season. As happens during a season players have commitments greater than the game and start to miss a game here and there, and, because of this, we started a series of drawn games. Never the less we had not been beaten and still headed the ladder until the a fateful day in June.

Yes! For the first time in years a senior mens' team had reached the Challenge Cup. Who were we playing-yes, you guessed it, 'Kalamunda.' It was in this game that an excellent cameo appearance was made by 'Smokie Dawson' a past player. (A match report appears later-Editor.)

After this loss and subsequent losses due to the Flu virus and injuries it was pointed out to the team they were playing far too seriously and maybe a bit of panic had set in. We went back to playing our own game and this did the trick.

The best game of the second round was against, you guessed it, Kalamunda at their home ground. With a depleted team and not much hope of beating them we played a very laid back game and blitzed them. A satisfying win after our cup defeat. A great team effort!

At the business end of the season we finished second to Claremont collegians, a 10A side bought into our comp. to give them a game. This in fact made us top of our own grade, 3Ds, a tremendous effort.

We go into the grand final fit and full of hope and hope to win it for our club.

Rockingham Districts Hockey Club loses grand final 2-0.

A determined Reserve Blue team from the R.D.H.C. acquitted themselves well in a grimly fought **grand final** with an equally determined Claremont Collegians. The game was played in the right spirit, but, at one stage could have blown up when a Claremont player who they got out of the trees for this particular game chopped Kevin Allen down. In a tight struggle experience was the only dividing factor and Rockingham was eventually beaten 2-0. A pretty disappointed team trooped back to Rockingham and drowned their sorrows and drank to the better moments of the season, of which there were many, back at our clubrooms. Congratulations to all concerned for getting there, that is to the grand final, not to the clubrooms, in the first place.

#### Results.

First semi. Vs Claremont Collegians We lost 1-0.

Qual. semi. Vs Arks We won 2-0

## UNDER 15 BOYS TEAM REPORT.

After a very unorganised start to the season and late start to training as a team the Rockingham Under 15 Boys proved to have the potential and willingness to see them through the season. They worked very hard through the little preseason training they had and this showed in the grading games where they went through undefeated. Then a combination of overconfidence and myself being away saw them drop their first game of the qualifying season to Old Aquinians 7-0.

From that point on they went from strength to strength but still relying on several individual performers to carry the team.

As the season progressed it was very satisfying to see the younger players who should have been playing Under 13's and the first year players learning and performing above expectations and giving us a complete team performance, which gave me problems with best players and several games going down to team effort. But the first round proved very successful with the boys adjusting from playing boys hockey to mens hockey which enabled us to go through the first round with just two defeats one against Old Aquinians 7-0, and against top side Cricketers 1-0, in a game which the score did not reflect the "true" result.

The biggest problem we were having was off the field that of transport and having to get a team up to Perth nearly every Saturday and having taken a car load of thirteen boys a couple of times it was decided that it would not be possible to do it again, therefore any more games relying solely on one person would have to be forfeited. This brought on a better from parents and enabled us to go through the rest of the season without a forfeit, although we were relying on a couple of parents.

The second round started off with a big boost defeating Old Aquinians 3-1, the same side that defeated us 7-0 in the first round, in a great display of teamwork. The rest of the second round was a bit of an anti-climax as we struggled to defeat the bottom sides, with the boys coming to the party against top side Cricketers and going down 5-4. Again the score was not really the true indication of the game. This game started a land slide of injuries for us with our centre forward receiving a broken collar bone. Although we struggled it was a successful round being defeated only once, which left us in third position only losing three games for the season.

We went into the first semi-final with five injured players, three of which were the centre forward, the centre half and the goalkeeper. The players took up the challenge and showing guts and perseverance

which was rewarded with a victory, 3-1, which turned out to be a classic game of hockey.

At the time of writing with two games to go and win for the premiership and all players fit and well it looks like a real possibility, but then hockey being the game it is we will not know until the 21st of September.

All in all it has been a very satisfying and enjoyable season for me as coach but all the credit must go to the boys who have come from nowhere to give themselves every chance. The greatest satisfaction I have received from being their coach has been to see these young men give their all on a Saturday, playing and not giving in but still enjoying the sport for what it really is.

Rockingham Districts Hockey Club Under Fifteens' take off the premiership.

In a heart stopping game the R.D.H.C. under 15s beat Cricketers 2-1, after scoring the winning goal in the last minute of the match.

In a game played under threatening skies the young blokes were a picture of concentration as they played for our first metro. junior premiership ever.

With approximately 5 minutes to go Cricketers scored an equalizing goal which made the score 1 all. From then on the game swung from end to end and looked as if extra time would have to be played. At the final whistle the score was two one and the spectators, players and coach went wild with jubilation. A great year was capped off by this effort which was truly a team performance.

A fine day, plenty of spectators and an air of anticipation as the smell of Dencorub mixed with the pungent odour of nervous sweat.

Twelve gladiators, shirts the colour of angry red, were ready to do battle with a determined foe, Kalamunda.

The teams stood eye to eye, twitches the only sign of life. The stick was tossed. After coming down on the umpire's head and ricocheting of the opposing captain's foot, we lost.

The game started at a furious pace, the ball being carried from end to end, then they remembered they were playing hockey. Muscles strained, feet pounded on hard turf, the clash of sticks resounded around the arena, the game was stopped to let an old lady take her usual shortcut home, and then they were back into it.

A sensational shot dribbled past Dean as he tried to untangle his laces and they were one up. Peter Johansen bit the ball in half and ran weeping up the field. You could tell he was angry.

Quick passing from Peter Atwell to Barry then a cross to Gary had Kala in all sorts of trouble. Gary's stick rose in the air in a majestic arc, determination in his face as he swung towards the ball. A mighty swing carried him screaming over the goal as the ball was missed by fifty feet, (not a hundred as was usual, Chuckles was having a good day).

A Kala sixteen yard hit was stopped by Paul, he'd pick up his teeth later, a cross to centre field followed and the Kala defence lit up a smoke. This allowed Smokey to catch up with the game and he scored. One all.

Smokey went off for mouth to mouth and Lance came on. This added the class we needed, Lance being a chalkie, but we needed hockey players.

The game flew from end to end, the ball a flaming mass. Bob was having a great game, five yards behind play but he was playing with a six yard stick.

Kala attacked and then played the ball. A shot whistled passed Dino's ear as he made a despairing dive, landing on the sideline. 2-1.

Peter Joh committed Hari-Kari on the centre line and I took him off. He shouldn't have come off he argued as it would take him half an hour to bleed to death. Oh, what magnificent spirit was shown this day.

Did this team have the courage to come back; after catching them halfway to Rockingham we got them back to the game.

Hearts pounded, breasts heaved, then the ladies left the sideline, as the game went on. Ken passed to Vas, Vas to Pete, Peteto Kim, the talking between them was a joy to listen to, then they put the joint down and went back on the field.

Kala mounted another attack, (most of the team were mounted climbers), and out of the sunset Dean saw them come. One against a thousand. This called for courage. He flung himself toward them as fast as he could go. Five minutes later he reached the top of the circle screaming like a demon. A left leg out, the right leg out and two of them went down. He chopped another to the ground but they were through. After playing Beethoven's 3rd symphony in 'B' major on a rented piano, just to give Dean a chance to get back, (they were sportsmen) they scored again. 3-1.

This was the final score of a great game and we were not disgraced. A weary mob made their way back to Rockingham, but as a club we can be proud of them for this great effort.

## BUNBURY CARNIVAL

June 13, 14

Friday Nite: Met at Rockingham City shops at around 7 o'clock for the bus trip down. In a 22 seater we packed in 21? persons plus heaps and heaps of luggage and beer. The bus arrived slightly late due to all the piss relief stops. We stayed at a gambling resort called the Chateau La-Mer. Interest that night was divided into two activities. i.e. The Bunbury regulars who played the traditional game of cards and got totally pissed blotto, notably P.J. and Gary "chuckles" Smith. The other mob watched the Live Aid concert on T.V. in another room.  
(ve) First person to crash was Peder Johansen (very early).

Saturday: With three games in the morning, the first game started at 9 o'clock. However P.J. and chuckles did not get to the ground 'til lunch time. Chuckles was then forced to play a full game (ha ha). The first goal was scored by Kim MacDonald, who incidently, also scored the first goal of the season. Peder Johansen bust his thumb (caught for a between two bits of wood - see Peder for a more detailed account). Also, in a weekend full of injuries Rick Sinnott tore his Rectusfenur (thigh muscle), and Geoff Amos hurt his back (again!) and did not play on Sunday.

Saturday Nite: Most went to the Oriental Chinese Resturant for tea, and had a good time. Several notables that we won't name (it was their first year at Bunbury, they're young, and they play in the 2D's), went to Red Rooster or somewhere like that. After we left the resturant it was a crash back to the gambling resort. Everyone drank and got drunk again, and generally lost money to Joroen.  
On a sad note? Peder Johansen was forced to stay in hospital for the night, so Peder could not join in the activities nor play on Sunday.

Sunday (arvo) - The trip back: After losing the final again (it didn't go to flicks this year) we all piled into the bus again with all the gear for the four hour trip back to Rockingham. Four hours? Well there was a shortage of beer so we had to find a pub that was open (Mandurah).

## UNDER 15's

The under 15's were Rockingham's most successful hockey side in 1985, being the only team to take off a Premiership.

Unfortunately, as many score cards were lost, we could not get the best players and the goalscorers. The results below are from what cards we did have, Graham Ireland's memory, and for the mostpart deduced from the weekly hockey bulletin.

<u>U15 F :</u>	APR 13	v Suburbians/Nedlands	WON	4-2

## CLUB RECORDS

As this is the first year in R.H.C. that a year book has been compiled, it is very hard to come by past records. So this year we have decided to start afresh, with an update each year (hopefully) of all new records as they fall. As communication between the womens' sides and me were non-existent, the records listed below are only from the mens' teams. This problem will be rectified next year.(sorry ladies).

Note: Statistics for a year does not include the fi als.

MOST GOALS : 12 - A.Creelman (Res Blue) 1985

MOST GOALS IN A MATCH (individual) : 4 - C.Reynolds (2D) 1985

MOST GOALS IN A MATCH (team) : 7 - 2D v Kalamunda 11/5/85
