# SOCIAL CLUB REPORT

THE NEW, NEVER SEEN ON TELEVISION, UNCUT  
VERSION OF... THE SOCIAL CLUB REPORT....

Fresh from a corruptible customs official, The Swedish version of the famous Rockingham Hockey Social Club report is free to contain many rude words like bum and willy. However, the only place such crudeness really belongs is on the back seat of a hired MTT bus on its way to Bunbury, so it must be left to fellow scribe Robbie Taylor to EXPOSE that story.

THIS SPACE WAS SUPPOSED TO SHOW A TASTELESS  
CRUTCH SHOT TO MAINTAIN READER'S INTEREST,  
HOWEVER THIS SHOULD BE REPLACED BY, SAY, A  
PRESET BLESSING A BOAT, JUST IN CASE SOMEONE  
YOUNG AND IMPRESSIONABLE READS THIS PAGE.

This year saw the adoption of a new policy by the responsible members of the social club. With a stunning display of foresight belying their tender years, the members (Many of them under the age of 40), saw that there was a definite link between hockey social clubs and wheat farms. At this point some explanation may be needed.

In early times, and even today in underdeveloped countries, the technique of "slash and burn" was common. In this process an acreage would be cleared, planted, harvested, and burned, with the ashes enriching the soil. However, the steady process of erosion on vulnerable soil makes the practise wasteful. The three crop and four crop systems eventually evolved, wherein acreage would be planted in rotation with various crops and then allowed to lie fallow for a year.

Therefore, it was decided that the social clubs best interests would be served by declaring 1990 a fallow year, giving all players and their respective partners a chance to replenish their souls (and stomachs Bryan).

However, just as a New Zealand sheep farmer is impotent without a pair of WellyBoots, so would the social calender have been without a cocktail night. Following years of tradition (well, 1 year) this night was again enjoyed by all who attended, despite the attempts of many club members who stayed away in their droves. Tony Henry put on another great show, and if you don't know who Tony Henry is then you've missed two huge nights.

On behalf of myself I'd like to thank all those people who deserve to be thanked for another successful year, and look forward to next year when the agrarian policies of the social club come to fruition.

## BUNBURY 1990

Normally these pages will be filled with an explicit account of one of the monumental events of the year. Describing in detail (and varying accounts of accuracy), the hilarity and hijinx of Rocky on the rampage.

Over the past few years the original transcripts of this report have been sold for very tidy 4 & 5 figure sums to some of the world's most action orientated publications. These include such noted works as Ninja, Green Beret, Soldier of Fortune and Home Beutiful.

As such the words following this brief introduction could well place the author out of the shadows of metiocrity, and into the light along side the likes of Poe, Kipling, Tolstoy and Buttros. Yet before beginning this emotive piece of literary genius, I required a key word, which in capturing the raw emotion of the weekend, would act as the cornerstone to my mammoth editorial construction. After pondering long and hard, a single word began to materialise from the gloom and haze of concentration, and the word was perfect - the word WAS BUNBURY 1990, THE WORD WAS.....BORING!!

The group gathered by the clubrooms was probably a good indication of what the weekend would be like. Quite a cross-section of the club waited for the bus that night: 1's, 2's, 3's, Masters and even some of the Ladies (well one lady actually). However it was obvious that there was an absence of real characters: No Molly (a pissed Molly is a wonder to behold) No Stampy (and we left the back seat vacant too) No Wayne Hall (currently serving 3 years in Fremantle Prison after firebombing the blue underpants section of Target) and No Brett Simpson (no explanation necessary).

Still those people who were there boarded the bus with enthusiasm and after picking up some light refreshments, hit the highway with gusto.

Wave after wave of riotous laughter could be heard as Rob Taylor told some truly memorable jokes (and a quick impression of a priest blessing a boat performed on the back seat). With Sue Elliott leading the chant for more, a cry went up from the crowd, apparently Adam was attempting a world record by trying to consume 20 Mars bars in only 3 hours. After an excellent 7 bars in only 15 minutes, disaster struck. Well you only have to ask Adam to find that the only thing worse than having 500g of caramel sludge in your stomach, it is feeling it slide back up over your tonsils after being evicted by your now diabetic body.

With such entertainment on board Bunbury was soon in sight and the troop made their way to the Chateau. The first night party is usually massive with swearing, gambling, drinking and wenching in the family room.

However, this year even though the alcohol flowed, and a game commenced, one was left wondering if those in Kuwait had more fun on a Friday night. It came as no surprise at all to find a relatively early night was had by most.

The game commenced the next morning with nowhere near the usual amount of moans and groans, these continued quite briskly throughout the day. With only 20 odd players to fill in 3 teams, a great deal of game time was had by all.

Saturday evening saw the troop set off for tea at "The Top of the Town" restaurant where a fine meal was provided once again. With the night still young we returned to our lodgings for a continuation of the previous night's activities, and continued they did! You see, most people went to bed and even those who didn't were not long in following.

Probably due to the brisk pace of the previous day, Sunday's hockey was greeted with a little less enthusiasm. With the A grade side doing the best of those competing, by late in the day it became obvious that a Herculean effort by the 1's could bring home a pennant!!! (The club's 1st from Bunbury.) All we had to do was beat University by 8 goals and we could pip the much favoured team of yuppie cucumber sandwich munchers, McNess, at the post.

The club's honour was riding on the final game - all that was "THE CLUB", the mighty red and black, depended on this final outcome. So digging dip, pride showing on every face, the 1's did the only thing they could....we cheated....however due to the slight technical hitch (Scott and Michelle couldn't read) we blew it and still lost on goal difference.

It was a much quieter trip home late that afternoon with even Lake Clifton Tavern passed by (now in receivership after missing this vital yearly cash injection). The trip South seemed on reflection to mirror the entire season, much quieter. With more participation and enthusiasm next year, both the club and Bunbury, could once again be lifted to the dizzy heights of previous years.

BUNBURY '90

IT WAS A  
QUIET BUNBURY!

HI DUDES!

## MENS 1C

This year I guess we can say was satisfactory in terms of goals achieved. Our aim was to finish in the four which we achieved, however after having the experience of the semi-final I believe that all players should now strive to achieve the results which of their talent indicates a higher level.

We were guilty this year of playing very inconsistency. We lost twice to the bottom side a trait which must be eliminated. Those 4 points could of had us in the top 2. Each game should be treated as a challenge and our level of commitment must be more intense over a longer period of time.

I know that the 2C team also are aware that they had the potential to do a lot better and inconsistency cost them dearly as well.

The Regional South team suffered the same fate, however the fact that does please me as a club coach is that I believe all teams improved considerably over the year.

The W.A.H.A. fixtures does not lend itself to a good club spirit with all our teams scheduled to play at 3.30pm most of the year. This is a point I will be making very strongly at the WAHA meeting shortly.

Have a relaxing break over summer and lets get together early and make a sincere commitment for 1991.

GRAHAM WOOD.

## MENS 2C

The 1990 season opened for us with a resounding victory against Bayswater/Morley. After being down at half time, we stormed home to a very good win with strong performances from all players, many of whom were playing in positions to which they were unaccustomed.

However, as surely as one warm, sunny day does not make a summer, one win does not win the premiership, and victory was to be ours only once more in the next six games.

With the exception of a trouncing at the hands of Northern Districts, the games we lost were all by narrow margins, and could easily have gone our way. The team was giving a full commitment and we went down fighting, so who could ask for more?

The arrival of Mark Leddy to left full back bolstered our suspect defence and with the ever reliable Dean Lings, they combined well to provide a very hard line to break thru. Mark Medlock was promoted from the 3's and gave us extra mobility up front.

Our weakness at centre half was resolved with the debut of Mark Sackley. Now with a very much stronger defence, opposition teams found us a lot harder to score against.

With the loss of Leddy, Sackley, Stan and Martin Hodgson to W.A. Interservice Navy teams for two weeks the determination to do well in their absence saw us get thru without losing either game. Ron Capps and Ross Walker both came to us from the 1's and gave us much needed focal points in attacks.

In the run to the end of the second half of the season, we recorded 4 wins, 3 draws and only 2 losses. We posted a very fine rearguard victory in our third last game against second placed Kalamunda, to keep a slim chance of a finals berth alive.

Unfortunately, that was where it ended as we went down the following week and out of contention. In our last game Ross Walker volunteered to put the pads on, and with a crash course in the subtle art of goalkeeping, acquitted himself with distinction.

I along with the rest of the team, look forward to next season with confidence and with a determined effort to improve our finals prospects.

- SIN BINS - 16-6-90: Peter Molnar has to learn you can't hit the opposition players across the shoulders and expect to get away with it!
- 21-7-90: Mark Leddy - The umpire's decision IS final Mark.

25-8-90: Greg Gelfi - The umpire can give a penalty stroke and hold a card at the same time.

TEAM LISTS - Alex Swan (Captain), Peter Molnar, Dean Lings, Jeroen Ophorst, Steve Eaves, Greg Gelfi, Ron Capps, Mark Sackley, Mark Leddy, Stan Cutler, Martin Hodgson, Ross Walker, Peter Czabotar, Mark Medlock, Lee Cousins, Bob Beckman, Kirk Rawson, Terry Ophorst and last but not least, Greg Halden.

## MENS REGIONAL SOUTH 2A

The season began on a poor note with the Regional side going down in a big way to Melville. However that game was marred by the fact that Rockingham had so few players (only 7 on the field). As time progressed so the team numbers increased until we had a pick of more than 17 each week. Victory on the field however continued to elude the men until the last game of Round 1. The round finished with Rockingham last with only 3 points from 5 games.

Round 2 began as Round 1. The team showing glimpses of team work and endeavour but we needed a win to bolster spirits. A team meeting changed the men's level of commitment. We changed to a 3-3-3-1 team format, using the two inners as half backs and the two halfbacks as defenders. We also utilised the sweeper. Success at last with immediate results. Round 2 ended with Rockingham 4 points from 5 games.

Round 3 saw some real fighting spirit and determination from the team. The men became a lot closer on the field and began linking their game together - each man contributing to the team effort. Off the field the team members continued to show the comradery that had begun on the field. The round ended with the team picking up 6 points from 5 games with 2 wins, 2 draws and 1 loss. The 2 drawn games should have been wins but for some loose play in the goal mouth and the fact that the second draw came against a team that was top heavy with 1D grade players.

The final round (or half round) saw us come up against the two top teams and the old nemesis Vic Park/Xavier. During the year we had beaten every team except Vic Park/Xavier. We found ourselves in a good position to make the finals, needing only to take out one of the next two games and then a draw to go through. However it was not to be with the team losing all three games. Melville first inflicted a heavy loss on us with one player in particular scoring 4 goals. (The skill level far in excess of a RS2A side.) Wesley/South Perth did likewise, the scoreline 3-1. The "old boys" swept us aside with great stick skills and a brutality only rivalled by Melville. Vic Park inflicted the final humiliation with a 3-0 loss.

During the year we had several outstanding performances of an individual nature. Kirk Rawson was by far our most damaging forward. Neville Ford as centrehalf was tireless in attack and defence. John Ryan and Lee Cousins kept the backline together with some great individual performances. Individuals within the team also showed great improvements. Men like Adam Brown in goals, Dave Carroll, Bill Ford and Brendan Carlin in defence. All played in new positions but played admirably with courage when called upon. Larry Lourensz and Gary Smith showed great understanding to break up the defences on numerous occasions with the 1 - 2 passing. Terry Ophorst and Aiden Tansey doing likewise on the other side of the field. Kim McDonald, as always, was there when needed and showed a huge improvement throughout the year. Others in the team, like Paul Hudson, Peter Mitchell, Peter Czabotar, Mark Leddy, Mark Medlock and Siprey Martinez all added their own magic to the team. The foundations were laid this year to build a formidable team in coming years. Not a team of champions but a CHAMPION TEAM. It was a pleasure to coach them...Roll on 1991!!

# JUNIOR VETERANS

This season started on a poor note with our grade being changed from Masters ( a suitable terminology for players such as ourselves ) to Junior Veterans.

Still we must accept that we are part of a large and older entity and be assured that we can hold the charisma of Masters.

As such, the season gone by has been once again most enjoyable, both on the field and off.

During the year we have learnt to accept our losses graciously with victory being hard to come by.

Unfortunately the loss of key players meant that we could not fulfil our expectations of this year.

However, mid season we regained the services of Kevin Schorer and also gained Richard Czabator and Phil Hoddy, both not having previously played a season of hockey. Full credit and thanks to these guys, we hope to see them next year.

As the season wore on, we became more settled and started to play something resembling systematic hockey showing more confidence in each others ability, finally tasting success.

This not being to the same level as last season, but still a big improvement on our inaugural year in this grade.

A rumour of more teams in the grade next year will most certainly add to the interest and give us better value for money.

Bunbury, what more can be said than the sick, sore, sorry and decrepit bodies once again a phenomenal weekend.

After years of grizzle about not enough time on field the Bunbury association responded and stuffed them all.

Kenny and Millsy were actually seen drinking water in the ensuing week.

Confidence is high that we can once again take the field in 91 with the same team and keep the grade alive for those that are mature and wish to enjoy the game.

When you qualify and wish to join our merry band we look forward to seeing you, hoping to offer the club an extra dimension in years to come.

## THE VETERANS

### Team Notes

- VAS - "MINE." If he can trap it. Promoted to the forward line upon finding goal keeping to his dislike and disfingerment.
- WESTY - Twenty Eight years two goals, Twenty Nine years and still two goals. Our scarlet pimperl - beats them here, beats them there, Westy beats them everywhere, Occasionally passes the ball.
- BIG AL - Master of the subtle tackle. Stunning runs from full back, Stunning himself, Stunning his

teammates and occasionally stunning the opposition.

- DONKEY - Which three do I look after today? Damaging short corner runner-not well spoken of by short corner batteries.
- HAWKEYE - How can I play this game when you guys wont give me the ball? Responsible for the master stroke of placing wild man WILSON on right wing. Better than genius, EH FRANCO?
- EL SID - (FEET!) Mobility improved as his figure faded. Thinks new rules allow trapping with feet. Soccer next year Sid?
- HIT MAN ELLIS - (DAD 045) . Would still rather hit the ball than run with it. Stroke taker, short corner goal sneak, soothsayer, thrill seeker and sole hat-rack scorer. A bit like a good vintage .
- TERRY HOPPY - Spectator most of season. Thinks arthroscope is an excuse for not playing. Static forwarded that uses his hockey stick in of season as a gaff.
- EL RIC - Mid year campaigner (Brother of EL SID THE WISE ) Recruited on strength of latent talent shown in Bunbury last year. Has been known to arrive before, during and after games.
- PHIL THE HODDY - Introduced to hockey at a mature age but still thinks the game should be played with a cricket bat.
- OLD MAN WILSON - Thrill seeking tackler now inflicting himself on opposition defences. Thinks shooting accuracy could be improved by having bigger goals!
- KEVIN - (MISTER PLOD) Another mid year campaigner returned to the fold to cover our shortage. Top quality arrester of attacks.
- YOUNG KENNY - Mobile deep defender, how deep depended on Millsy's whereabouts in attack or defence. Master of the on and off drives. Can keep goals and fingers.

Thanks to Verg, Mal, Marty and Graham for their help during the year. Thanks also to those that ran the bar, offered their support or assistance during the year and especially our wonderful, devoted, supportive partners (we all wish to play next year).

Another magic season gone by. Come in 1991.  
For fear of retribution.

ANON E MOUSE.

# JUNIOR COORDINATOR

14

Motto "Juniors are the most valued assets of any sports club and guarantee its survival".

This being our third year of really promoting junior hockey in Rockingham, it is continuing to show signs of good things to come for our club.

Two under 13s and two under 15s this year with a total of 59 juniors coming through at this stage from their ranks, this together with the good work of our coaches of minkey is the future growth and success of Rockingham Hockey .

Rockingham being the fastest growing area in Perth gives us, the Rockingham Hockey Club a great chance if we act in 1991 of grabbing more juniors before they are stolen to other sports.

There is only one reason why we cannot double our junior teams for next year and that is lack of support from senior members.

Ladies, without going into too much of my "one way of thinking", junior girls have no where to go after under 13s except playing social hockey around Rockingham. How about someone forming a junior team next year for Metro competition.

Give our junior girls some hockey future.

My thanks to all parents for their support.

Thanks also to Rob Giles, Ken Heedes and Geoff Hawkins who without these there would be no juniors.

Thanking you, Allan Mills.

## UNDER 13s

This year we recruited many new players, of whom 7 are under 11.

We originally set up the sides as "D" players being players from last year and the "E" grade were all the new players.

To our surprise the new players proved to be a very competitive side just getting beaten in the Challenge Cup and after 30 minutes of extra time, lost after a goal was scored against the run of play in the last 2 minutes of the first semi final.

Hats off to all competitors.

Our "D" grade played in a much higher standard grade than previous years and lost many games but to their credit by only one or two goals.

This years losses, the higher standard of play and the younger age of our players will do them the world of good for next year as we have only 5 out of the 29 players going up to the under 15s compared with last years 16 out of 25.

Ken, Geoff and I want to once again thank all parents for their help this year.

Without their continued support, the juniors would not be as strong as they are, considering the poor support they received from the seniors.

I would like to suggest a couple of parents may be interested in giving us a hand in a more official roll next year, be it during the week or just on Saturdays. Once again my thanks to Ken-do who did the brunt of the coaching work.

Regards Allan Mills.

# LADIES MANDURAH ASSOCIATION

Rockingham ladies team playing in the Mandurah association went into the season with one of the strongest teams ever entered.

With the addition of some new girls to the side and the memory of the rest of the team of last seasons grand final results, the girls were looking forward to the beginning of the "A GRADE " competition.

However, after only two fixtured games, of which, Rocky had won both, covincingly, there were problems in the association, resulting in, the combining of the two grades into one grade of nine teams. Unfortunately, in the new fixture draw, there were quite a few byes and also a forfeited game so that the games Rocky ladies played were few and far between.

The girls should be congratulated for their patience and persistence during the season and willingness to attend training and assist their Capt. whenever needed. A special thanks to Mike Tierney for his assistance in training and advice on team play.

Without doubt, one of the highlights during the season was the game played against last seasons premiers Mandurah at Pinjarra. Rocky ladies were without a goalie, and with an injured Rhonda gallantly playing a kicking fullback role, (making several great saves). The whole team lifted to the occasion and played brilliantly to win the game 2 - 1 .

Rocky ladies finished on top of the ladder and went into the finals with enthusiasm and keen to turn the tables on last seasons result.

coach Graham Wood as spectators witnessed him throwing a water container onto the field.

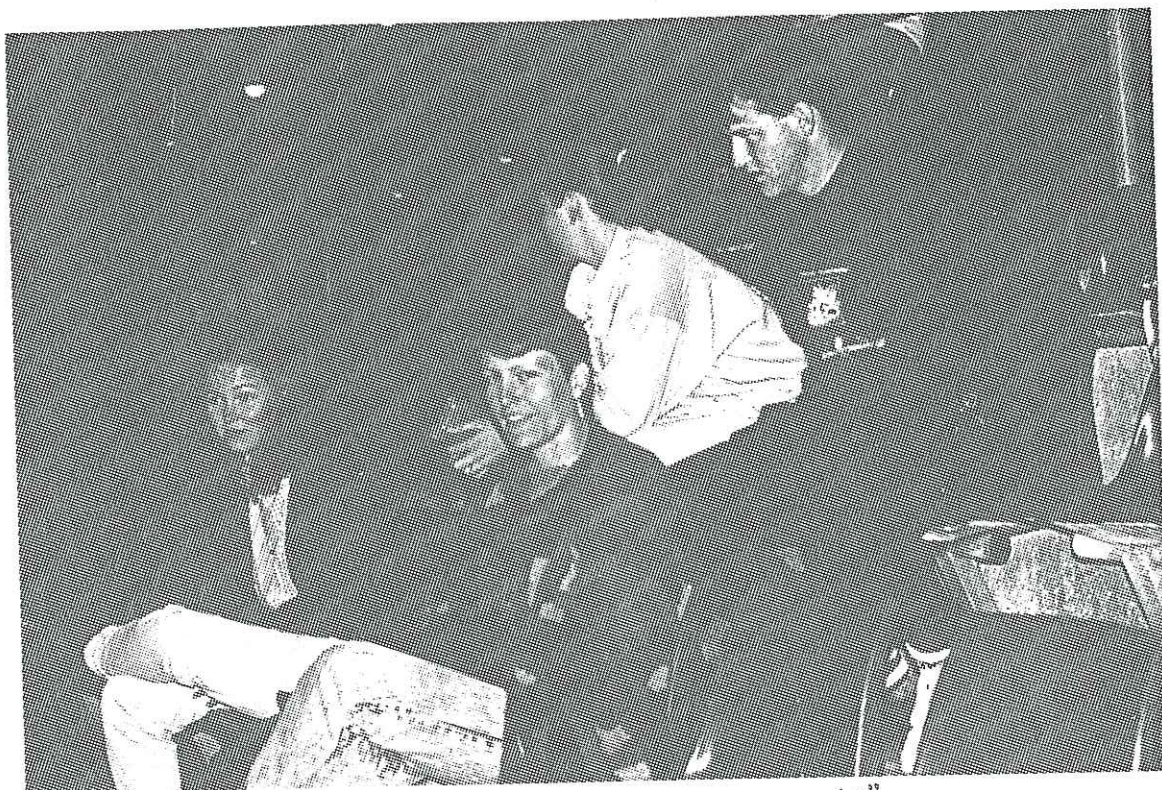

Five minutes to go and we still hadn't scored. Coach Graham was ready to try just about anything, and did. In an astonishing move he took off goalkeeper Greg Halden and put himself on as kicking fullback, the idea being for the fullbacks to push up and help out the forwards in their quest to score goals. The plan backfired when Dianella sealed our fate 30 seconds to the final whistle.

## OBITUARY

On a more serious note lets take a moment to draw upon two tragic losses to the club during 1990 .

A young mans youth is not to be taken lightly. It is a time of wonderment, new horizons, drunkenness and debauchery. To have these precious years snuffed out, without remorse, thrown away, without feeling, Is sad indeed!!

Yet it has happened! at our very backdoor. I ask you all to bow your heads and mourn the loss of two free souls, entrapped by bitter, sour, scornful women...Margaret and Natasha. They have stolen our kinsmens freedom and we mourn, we mourn.

Adieu, Adieu GREG GELFIE...

Adieu, Adieu PAUL YOULDEN...
